

The Times of India organized a 2day real estate exhibition, *Times Property Investment Expo*, at Taj City Centre in Gurgaon, on April 21-22, 2018.

The exhibition presented the widest choice of properties comprising apartment, villas, plots, commercial space, etc, to suit every budget and requirement. Top developers showcased projects with attractive offers and discounts, even as a good number of investors and home-buyers visited the exhibition.

Buyers were happy to have a wide range of developers under one roof and many of them visited project sites after inquiries from the exhibition. The developers, too, got wonderful response at the exhibition and said the real estate market is improving with people showing interest in buying houses and investing money in real estate.

The exhibition was inaugurated by Manish Aggarwal, director of Satya Group, Hitesh Gahlot, director of Brisk Infrastructure, and Yash Miglani, director of Migsun Group.

"This was the first of its kind property expo at Taj City Centre. We found the target audience exploring property options from various A-grade developers. The response was overwhelming at the show," **Kapil Dev Sharma**, VP (sales and marketing) of Satya Developers said.

"We received a decent response at this exhibition and, with only serious buyers around, we saved a lot of time. We have a long list of interested buyers and we are arranging for their visit to our site in the coming days," **Amol Malhotra**, head of sales at Ashiana Homes, said.

"This is a great platform for developers to interact directly with consumers and channel partners and such events should be organised more often as they are rewarding for all stakeholders," **Pranav Gulati**, DGM (marketing) of Advance India Projects Limited, said. "The highly supportive and professional staff at the expo met all our on-ground needs and added a lot of value to our deals," **Vikas Verma**, VP (sales) of Imperia Structures, said. "We are glad to be a part of this exhibition as we got a good number of interested buyers," **Hitesh Gahlot**, director of Brisk Infrastructure, said. **Vikas Tawar**, a RERA consultant, said people's faith in the market was returning on the back of the creation of a market regulator (RERA) in each state. —**Team Times Property**
